SKILLS

- **Languages:** C++, C, Python
- **CS Fundamentals:** Data Structures and Algorithms, Object Oriented Programming, Operating Systems, Computer Networks, Database Management System
- **Tools/Platforms:** Git, GitHub
- **Operating Systems:** Linux, Windows
- **Soft Skills:** Team Player, Adaptability, Problem Solving, Time Management

PROJECTS

CipherLink – A Secure LAN Messenger

Aug'25-Oct'25

- Built a secure LAN messaging system enabling real-time multi-client communication using socket programming.
- Implemented AES encryption with HMAC verification and designed a multithreaded server with a custom protocol using POSIX sockets and OpenSSL.
- Achieved secure and efficient communication with support for large file transfer and broadcasting messages to concurrent clients.

Tech Stack: C++, POSIX Sockets, OpenSSL, CMake

Radax – Ultrasonic Sonar-Based Object Detection System

Nov'24-Dec'24

- Designed an embedded object detection system using an HC-SR04 ultrasonic sensor interfaced with an Arduino UNO to measure distance in real time.
- Calculated ultrasonic time-of-flight by processing echo pulse duration and programmed real-time monitoring with buzzer alerts using C++ in Arduino IDE.
- Enabled accurate short-range object detection for practical applications such as obstacle sensing and proximity alert systems.

Tech Stack: C++, Arduino UNO, HC-SR04 Ultrasonic Sensor, Arduino IDE

TRAINING

Data Structures and Algorithms using C++ | LPU CPE

Jun'25-July'25

- Optimized real-world algorithmic problems in C++ by applying efficient data structures and techniques.
- Strengthened foundational programming concepts and mastered trees, graphs, dynamic programming, recursion, and other algorithmic techniques.

CERTIFICATES

Privacy and Security Online Social Media | NPTEL

Apr'25

Computer Communications | Coursera

Nov'24

Introduction to Hardware and Operating Systems | IBM (Coursera)

Sep'24

ACHIEVEMENTS

Solved 400+ algorithmic problems across coding platforms

Aug'24-Present

Demonstrating strong problem-solving and data structure Fundamentals, Strengthened algorithmic thinking and problem-solving ability through practice.

EDUCATION

Lovely Professional University

Phagwara, Punjab

Bachelor of Technology - Computer Science and Engineering; CGPA: 7.26

Aug'23-Present

Sri Chaitanya Junior College

Hyderabad, Telangana

Intermediate; Percentage: 91.2

Jun'21 – Apr'23

Rau's High School

Hyderabad, Telangana

Matriculation; CGPA: 10.0

Jun'20 – Mar'21
